

CONSTRUCTION BULLETIN

August 24, 2022

Dear 7th and Brannan Neighbors,

As you might have noticed, we have been mobilizing for the ground improvement and deep pile foundation. Saturday, August 27th we will be on site for some additional grading work that needs to be done for our drilling rigs. Work will occur between 7AM – 5PM.

Some additional items for reference or to be noted are as follows:

- Deep foundation piles will be installed through the remainder of the year.
- We will be using fuel-powered generators for miscellaneous tools and equipment use.
- Security cameras have been installed to monitor the site.

Should you have any questions or concerns please do not hesitate to reach out via phone or email. Thank you in advance for your patience and understanding with our process.

Sincerely,

Peyton Kayser
Sr. Superintendent
